

**REMARKS**

The above amendments to the claims have been made to place the application in condition for allowance base on the subject matter indicated by the Examiner to be patentable in item 5, pages 7 and 8 of his March 2008 Office Action. In particular, claim 13 has been amended to constitute claim 14 rewritten in independent form, claim 14 being canceled as a result, claims 19 and 21 also being rewritten in independent form with claim 20 having been canceled as a result.

Therefore, this application should now be in condition for allowance and action to that effect is requested. However, while it is believed that this application should now be in condition for allowance, in the event that any issues should remain, or an new issues arise, after consideration of this response which could be addressed through discussions with the undersigned, then the Examiner is requested to contact the undersigned by telephone for the purpose of resolving any such issue and thereby facilitating prompt approval of this application.

Respectfully submitted,
